EVERY MODERN FACILITY FOR COMMERCIAL

BANKING IN ITS HIGHEST EFFICIENCY "THE BANK WHERE YOU FEEL AT HOME" MEMBER FEDERAL RESERVE SYSTEM

No sir-ee, bob!

No premiums with Camels—all quality!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigaretty aftertaste nor unpleasant cigaretty odor! Your say-so about Camels will be:

"My, but that's a great cigarette".

DELCO-LIGHT

Electricity for Every Farm

By installing Delco-Light you have your own power plant-dependable electric service. Electric lights will make your home cheery and bright. Electric power will pump the water and in other ways save you time and labor every day.

Write for Catalog

Mule is Thoroughbred

The United States government by means of the Department of Agriculture, has been looking into the tractor question, and its bulletins clearly proves that the satisfied tractor owner-men who say that the tractor has paid-are men who own the BETTER CLASS of tractors. The successful man has learned years ago that he can't get something for nothing. No one can. The reason the BATES STEEL MULE costs more is that it is worth more. Skilled factory procedure, quantity production and the most modern Machinery enables us to save money at every turn, yet the BATES STEEL MULE cost slightly more in the beginning to build but considerably less in the long run to own. It's just another case where a seemingly higher priced article is ar cheapest to own when you come to actually USE it.

The Bates thoroughbred quality comes not from mere laims, but from what's put into it. Every part that goes to nake up the BATES STEEL Mule is put there by long ield experience. There is'nt a part that is'nt time-tried and ested There is'nt a part that experience has'nt dictated he shape and size of; and in it all there is'nt one superfluous part, nor one part that isn't capable of standing up uner twice the strain it gets in actual use. These are things experience and practice have distracted The BATES comes to you as a fulfillment of your desire for a tractor that will endure. Price is what we pay for a thing. Value is what we get out of it. Consider your tractor from what you will get out of it, consider how many working days you have when the ground is wet, consider the operations where you can not afford to pack your seed bed, and consider how constantly and economically they must be performed even in rush times, you will then see why the BATES STEEL MULE is the biggest value offerd in any tractor on the American market today.
